Membership Application

SMUG membership includes monthly newsletters and programs, special interest groups and question and answer sessions. Our monthly meeting helps us learn to use applications more effectively, introduces us to new software and hardware, keeps us up on what's happening in the computer world, gives us opportunities to ask questions and to share our knowledge with others. SMUG members include people who are new to the Mac, those who are experts, and a lot of us who are somewhere in between. Come join us!
