

Who we are

Based in Salem, Oregon, MacAtoZ LLC is owned by Ty Davison, an Apple Certified Help Desk Specialist and a member of the Apple Consultants Network. We specialize in helping individuals and small businesses with their Macintosh-based computing needs.

Client profile

Small business and individuals

Cost

\$72/hour with a one-hour minimum. Additional time charged in 15 minute increments. Travel charge may apply outside of the Salem/Keizer area.

Service area

Mid-Willamette Valley (Woodburn to Corvallis)

Services include

Out-of-box setup, networking (hardwired and wireless), one-on-one training (Mac OS X, iLife, iWork, various other applications), troubleshooting, pre-purchase consulting, and more.

The MacAtoZ Service Suite (MSS)

For a low annual fee, MSS allows businesses or individuals to receive remote support for their Mac OS X 10.3 or later computer over the Internet. Because support is billed in just 15 minute increments (of our \$72/hr rate) this offers a potentially huge savings versus bringing out a consultant or taking a Mac into a repair shop. Perfect for Macs no longer under AppleCare!

MSS offers a number of other enticing features as well. See www.MacAtoZ.com/mss for more details.
